"Since 51 % of our congress participants are foreigners, the number of Turkish participants is limited."

ASSOCIATION FOR STRUGGLE WITH HYPOPHOSPHATASIA DISEASE (HIFO-DER)

One of the organizer institution Hifo-DER was founded in Turkey in December 2019 to create awareness for Hypophosphatasia Disease which is a rare disease in the world.

It is difficult to diagnose and treat individuals who have rare diseases. For this reason, patients and patient relatives have various problems. There are limited medications to cure these diseases and it is not easy to have these medications called "orphan medication". To involve closely and find solutions to problems of patients who have rare diseases and their relatives is both responsibility of our state and also civil society. It is necessary to raise awareness of civil society and to strengthen civil initiatives about rare diseases.

INTERNATIONAL SCIENCE, CULTURE, AND YOUTH WORKS ASSOCIATION (ISCYA)

International Science, Culture and Youth Studies Association (**ISCYA**) established in 2020, which the organizes international congresses, symposiums and projects.

ISCYA, which has agreements with 132 academicians and 16 universities from 37 countries, is an academic institute based in Turkey.

With the aim of contributing to the increase of cultural interaction by bringing together participants from different countries, ISCYA aims to develop new approaches to the academic field with its interdisciplinary congresses.

PARTICIPANT INSTITUTIONS

QATAR UNIVERSITY

Since its inception in 1977, Qatar University (QU) continues to serve as Qatar's primary institution of higher education and has become today a beacon of academic and research excellence in the region. QU is committed to providing high-quality education in areas of national priority. Underpinning this commitment is the goal to align its colleges, programs, and courses with established international standards and best practices. As a result, QU has been successful in its accreditation initiatives, earning the endorsement of numerous leading international accrediting bodies.

TRAKYA UNIVERSITY
